What a change a month makes? From those beautiful autumn shades to many trees completely bare and hedges we can see through.

Bird migration is well underway, and I counted 103 whooper swans on a sugar beet field at Leverton marsh. There are good flocks of winter thrushes, redwings and fieldfares (old local name 'fellfers'), gorging on the abundant crop of berries on the hawthorn bushes. There will also be plenty of fallen apples for them later on too.

Every evening we are treated to a wonderful flying display by the large flock of rooks and jackdaws that roost in the 5 acre wood by the brickpits. Like the starlings' murmuration, they swirl, twist and turn in unison, continually calling, yet never seem to collide. What a racket for the residents in the houses adjacent to the wood? Then suddenly, as if by command, they drop down onto the trees to roost, and fall silent.

Many birds can be distinguished by their style of flying. Woodpeckers, plump birds with short wings, have fast wing beats and fly quickly in a series of shallow loops, whilst cuckoos fly direct, but look boat-shaped because their wings, whilst falling very low, don't rise much above their body. My favourite is the lapwing, a very handsome bird, which has a number of names: peewit (because of its haunting call) and green plover. An old name was 'pyewipe'. Whilst displaying in the spring the lapwing can fly both vertically up and down, and twist and fall dramatically, a real pleasure to watch. It will often use its aerobatic supremacy to chase hunting crows and kestrels away from its small chicks which are very vulnerable as they trot round the pools on the wetlands.

The cattle are all in now for the winter and calving should start before long.

The next time I write will be mid-January so I will take this opportunity to wish you all a merry Christmas and a happy new year.

Christmas Joy and New Year Kindness

**Another year comes to an end
and what a year it's been!
Obscene cruelty throughout Ukraine
and the loss of our much loved Queen.
Our Government's had many problems;
PM's old and new...
People of all ages have struggled,
except for the fortunate few...
With Christmas almost upon us,
we're shopping online or in town.
Twinkling Christmas lights uplift us
but electricity bills cause a frown!
Soon a New Year will be welcomed,
leaving 2022 chaos behind.
Whatever it brings – good or bad,
let's start the New Year being kind...**

Royal Air Force Benevolent Fund

Applicable to anyone who might be an RAF Veteran or widow/spouse to assist with their finances. A new grant has been introduced of up to £520 primarily aimed at those most affected by the increase in fuel costs, for example those who are already on means tested benefits, for example Pension Credit and Universal Credit. Although, those not in receipt of a means tested benefit can also apply and can be assessed on a case by case basis. Evidence was required showing an increase in fuel costs for this grant to be awarded. Many energy suppliers are sending letters advising of anticipated increases costs based on current usage. If this is not available, then two bills showing the increase in cost as a before and after. To access this; you can either apply online using our website

A campaign card for Matt Warman MP. On the left, there is a list of contact information with icons: a house for the address (63 Wide Bargate, Boston, Lincolnshire PE21 6SG), a telephone for the number (01205 809110), a speech bubble for the Twitter handle (@parliament.uk), a globe for the website (mattwarman.co.uk), and a ballot box for the campaign name (Warmanfor BostonSkegness). In the center is a portrait of Matt Warman, a man in a suit and tie. To the right of the portrait, the name 'MATT WARMAN MP' is written in large, bold, white capital letters. Below the name, the slogan 'Serving the people of Boston and Skegness' is written in a white cursive font. In the background, there is a faint crest or coat of arms.
